Cork Mats

CM-4 through CM-22: Natural cork mats prevent containers from damaging the surface they are on. Made from natural sustainable cork backed with soft plastic to prevent leach through. Sizes to fit 4" containers all the way through 24" containers.

•

Foam Spacer

S-236P, S-436, S-436P: Foam Spacer fills the gap between the grow pot and the decorative container, providing a shelf for topdressing, such as Air Roc's or moss. Available with an easy sticky surface for fast installation.

[Instant Water Well](#)

IWW: The Instant Water Well lets you stage a small plant in seconds! The innovative water well system reduces the amount of watering visits needed in an account. Available for 3" to 6" grow pots. Use small plants without the worry of them drying out!

[Sub-irrigation Disc](#)

SUB-4 through SUB-8: The Sub-irrigation Disc feeds water to the plant in a controlled way, preventing overwatering and decreasing service trips. Great for blooming rotations!

-

Deep Vinyl Saucers

Sized to accommodate most common nursery containers and grow bags, deeper than the standard saucer. •Strong Design For Durability. •Perfect For A Variety Of Commercial Uses. •Master Packs Ideal For Retail Sales

-

Air Rocs

AR-4BK: Air Rocs replicate natural tumbled river rock. They are a lighter top dressing than real rock and manufactured from recycled plastic. Packaged to cover 4 square feet - Black

•

Poly Probe

PP: Poly Probe checks the moisture of plant media.

•

Leaf Tek

Leaf-Tek Pro RTU is formulated to remove dirt and dust from plants using safe and odorless surfactants, that are non-toxic and biodegradable, to loosen dirt and dust and allow it to float off the leaf surface of the leaf. Available in 16oz and 1 gallon Ready To Use as well as 32oz concentrate.

Tropical Mist

Tropical Mist plant cleaner and tonic is a blend of pure castile soap, citrus oils and other beneficial herbal extracts. The product promotes healthy plants by washing away dirt and other residue. This nontoxic, soap based product can be applied by wiping or through a pressure sprayer. Available in quart and gallon sizes. At a rate of two ounces (2) per gallon, one quart of concentrate will make sixty four (16) gallons of ready to use leaf cleaner.

Pokon Leaf Shine

Pokon Leafshine adds an instant natural gloss to leaves of plants and cut foliage in floral bouquets. It removes water spots and calcium deposits and it gives a protective shiny layer which keeps dust away. This protective layer also gives the plants their beautiful appearance by preventing bugs and insects from settling on the treated leaves. Furthermore the evaporation of water is reduced, which will prolong the life time of the plants. It is available in ready to use spray and concentrate. Dries quickly!

Wonder Soil

WONDER SOIL is an earth friendly water saving interior and exterior landscape solutions of expanding wafers, bricks, cubes, innovative seed starters and biodegradable pots. The wafers are made in various sizes and formulas for different gardening applications and expand up to 9 times their volume when water is added. The products promote better gardening success for both the novice and professional.

Neem Oil

Neem oil leaves a natural shine on leaves without clogging stomata that leaves need to take in carbon dioxide and release oxygen and water vapor essential to the basic functioning of the photosynthesis process. Many of the glossy leaf polishes, which give an unnatural appearance to leaves, actually interfere with these natural transpiration processes.

Compact Shear

- Ideal tool for cutting flowers and trimming back plants
- Fine point for detailed cutting
- Stainless steel blades
- Ergonomically designed

Bypass Pruner

ColorPoint™ Bypass Pruner

- Designed for pruning woody stems.
- 5/8" cutting capacity
- Stainless steel blade.
- Comfortable rubber grips and ergonomically designed for all-day comfort!
- Available carded, display box and on displays

Plant Paws

- Used by professional Plantscapers world wide.
- Plant Paws can be used dry for dusting or wet for cleaning indoor plants and patio plants.
- For really dirty indoor plants... place a couple drops of liquid hand soap on a wet paw, rub the wet paws together to spread the soap, then clean both sides of the leaf at the same time. Remember, bugs hide under the leaves and in crevices.
